DETAILED ACTION

Applicant's arguments filed 1/6/05 have been fully considered but they are not persuasive. See argument below.

I. Rejection of claims 14,17,20,23,24,27 under 35 USC 102(b) as being anticipated by Murphy will not be maintained. Applicant has amended claims to recite that the composition is "formulated as a water-based suspension concentrate".

II. Rejection of claims 18,19,28-32 under 35 USC 103(a) as being obvious over Murphy will be maintained for reason on record and reason as follows. Claims 14,15,17,20,23,24,27,33 are added to this rejection. Applicant argues that Murphy teaches an oil based composition whereas instant invention is to a composition formulated as a water-based suspension concentrate having no oil. Examiner disagrees with Applicant. Examiner would like to point out that instant specification states that Applicant's composition can comprise an oil.

II. Objected to claims 25,26,34 have been cancelled.

III. New claims 35-37 are allowable for reason on record.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 1616

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
